

## COURSE OUTLINE – (FTT-CI-006)

### FINEOS CUSTOMISATION I - PORTAL INFRASTRUCTURE

#### **About This Course**

This course details the FINEOS web application framework, focusing on the jsp and widget model. Participants are guided through practical exercises in creating and enhancing the FINEOS portal pages.

#### **Course Objectives**

Attendees are given an overview of the FINEOS Portal Infrastructure. The jsp widget model is covered in detail, specifically portal pages, widgets and beans.

#### **Who Should Attend?**

Java developers involved in the technical development of the FINEOS Solution

#### **Pre-requisites**

##### **Skills:**

All attendees should be Java Developers with knowledge of J2EE

Participants of this course must have previously completed the following FINEOS training modules:

**FTT-CI-005 – FINEOS Customisation I – Programming with FINEOS Business Objects**

#### **Summary of Course Contents**

Module	Description
Portal Concepts	<ul style="list-style-type: none"> <li>▪ A high level introduction to the FINEOS Portal infrastructure.</li> </ul>
Read only widgets, view pages & navigation	<ul style="list-style-type: none"> <li>▪ An introduction to coding widget classes (read-only) and widget jsp, Creating data beans, list views and tree views, Configuring and extending list views and tree views, Product Events and Listeners, Working with NavigableAction Events and Listeners</li> </ul>
Edit widgets, Edit pages, navigation and workspaces	<ul style="list-style-type: none"> <li>• An introduction to writing edit widget class and jsp, EditPage class and workspace, Raising messages within widget class</li> </ul>
FINEOS Pages	<ul style="list-style-type: none"> <li>• Writing view pages, add pages and edit pages</li> </ul>
Extending the GUI via Portal	<ul style="list-style-type: none"> <li>• Extending the GUI using PI (i.e.configuration, extending widgets,</li> </ul>

<b>Infrastructure</b>	extending table models, extending tree models etc.)
-----------------------	---

### **Formats & Duration**

<b>Delivery</b>	<b>Tutor-Led Practical</b>	<b>Duration</b>	<b>3 Days</b>
<b>Description</b>			
The desired effect for participants on completion of this course is an acquisition of skills i.e. to <b>'KNOW'</b> how to use a particular area of the FINEOS product. Participants are led through practical exercises relevant to the particular skills area directed and assisted by the tutor.
